

THE UMBRIAN MUG

Greetings and Salutations! of Poland as Ladislaus II."

Welcome to this August edition of the Umbrian Mug. If you know of a Kingdom member who isn't getting the Umbrian Mug, please let the Crown know so that the problem can be rectified. Please contact Sir Waldham with any corrections or additions

"SHE" WAS KING:

Jadwiga, queen of Poland (called also Saint Hedwig or Hedwig of Anjou 1374-1399

Jadwiga was the granddaughter of King Ladislaus I, who had reunited Poland earlier in the century. From the age of eight she lived at the Imperial court in Vienna.

Jadwiga had to return to Poland when her sister Catherine died in 1378. When her father died in 1382, the archbishop of Krakow crowned her as 'Jadwiga, king of Poland' - technically speaking, she was king, not queen. She succeeded her father, King Louis the Great on the Polish throne in 1384 following a two-year interregnum. Her reign saw the start of Poland's dynastic union with neighboring Lithuania, and the latter nation's conversion to Christianity. At an early age she was betrothed to William of Habsburg, but the nobility of Poland convinced her to marry Jagiello. Jagiello, grand duke of Lithuania married Jadwiga in Feb 1386 and then was crowned king

Hmmmmmmmm! can we have a female king and queen, since a king was a female within our time period? What a thought :)

July Kingdom Tourney

The event was a scorcher but all that attended trudged through the heat and made the event a wonderful day. In closing court the populace was graced with witnessing the proposal of Sir Jean le Treson to the lovely lady Katarine da Goss, she did answer him with a yes and are now engaged. We were then graced with the presence of Squire Alexandria regarding a Demo Announcement to be held at the Boy's and Girls Club at 11am on August 6th. The address is 6050 Sage Wood. Baroness Milena de Vona and Lady Alyssa deVona came into court to announce the winners of the Bowman and

Huntsman as well as the Team Shoot winners. On the Bowman's List Baroness Silvia was deemed the winner. The Huntsman winner was declared to be Sir Blackarrow. The team shoot winners was the team of Dame Margarita, Dame Draconia, and Lady Silvia. Sir Puck then came into court to announce the winner of the combat lists and to announce that a Marshalling collegium would be held directly following closing court. There was one combat list and that was the Knight's Rapier list and the winner was deemed to be Sir Richard Corazon del Oso as he defeated Sir Liam and Gypsy king Squire Gaetano in the finals round robin match. Arts were announced by Dame Arianna le Treson; however this herald was very bad and does not have the report of this announcement (Kill the Herald!!). With the closing of court the event was finished and the cleaning began, until next month this is Sir Puck and his vision of what he saw at the July Kingdom Event.

August Crown Archery Tourney

Thirteen archers took to the range, at today's kingdom archery tournament, four bowman and nine huntsman. This month's tournament was reverse target, and I must say the archers of Umbria adapted very well. This

month's Bowman winner with a score of 61 Dame Arianna le Treson, well done. Huntsman winner was Dame Margarita with a score of 97, the tournament was eighteen arrows. Sir Pavo, our King came in third place, good shooting your Majesty, also I thank you for helping run the range. Sir Pavo is working on becoming a Range Master. To our Queen Sophia who shot for the very first time, had decided it's time for archery lessons. And for all our Queen didn't even break a fingernail. A fun time was had by all. Next month tournament will be held by Dame Draconia. May all have a very safe trip to the Imperial War, and your arrows fly straight.
